

Underground modular tanks

Septic, conservancy and water storage

The unique apex rib design of our modular tanks not only ensures that they are the strongest in the market, but also makes them easy to customise, scale, commission and install.

Size	Dimensions	Lid	Application	Code	Availability
5500L	2416mm (h) x 2265mm (w) x 2567mm (l)	1 x 560mm 1 x 460mm	Septic, conservancy or water tank	MT05500	SP <input type="checkbox"/>
9500L	2416mm (h) x 2265mm (w) x 4166mm (l)	2 x 560mm 1 x 460mm	Septic, conservancy or water tank	MT09500	SP <input type="checkbox"/>
15 500L	2200mm (h) x 2100mm (w) x 5800mm (l)	560mm	Septic, conservancy or water tank	MT15500	VAS <input type="checkbox"/>
21 500L	2200mm (h) x 2100mm (w) x 7800mm (l)	560mm	Septic, conservancy or water tank	MT21500	VAS <input type="checkbox"/>
27 500L	2200mm (h) x 2100mm (w) x 9800mm (l)	560mm	Septic, conservancy or water tank	MT27500	VAS <input type="checkbox"/>
33 500L	2200mm (h) x 2100mm (w) x 11800mm (l)	560mm	Septic, conservancy or water tank	MT33500	VAS <input type="checkbox"/>
39 500L	2200mm (h) x 2100mm (w) x 13800mm (l)	560mm	Septic, conservancy or water tank	MT39500	VAS <input type="checkbox"/>
45 500L	2200mm (h) x 2100mm (w) x 15800mm (l)	560mm	Septic, conservancy or water tank	MT45500	VAS <input type="checkbox"/>
51 500L	2200mm (h) x 2100mm (w) x 17800mm (l)	560mm	Septic, conservancy or water tank	MT51500	VAS <input type="checkbox"/>
57 500L	2200mm (h) x 2100mm (w) x 19800mm (l)	560mm	Septic, conservancy or water tank	MT57500	VAS <input type="checkbox"/>
63 500L	2200mm (h) x 2100mm (w) x 21800mm (l)	560mm	Septic, conservancy or water tank	MT63500	VAS <input type="checkbox"/>

Benefits:

- Rapid, cost-effective and scalable underground installations
- Easy to operate and maintain
- Unique inter-connecting system provides structural integrity
- Suited for water and wastewater storage, as well as wastewater treatment plants
